# Management Consulting

We seamlessly adapt to your operating environment and offer recommendations and solutions that unite people and processes for optimal results.

## The PotomacWave Difference

PotomacWave is a capable and proven prime contractor that specializes in delivering innovative management consulting services through our seasoned team of experienced professionals. Our staff implements industry best practices while ensuring that organizations operate efficiently and effectively through our mature management processes that are based on industry best practices and principles such as the Project Management Institute (PMI), Agile, ISO 9001:2015, and Capability Maturity Model Integration (CMMI). Our management philosophy reflects our commitment to quality and understanding of our client's environment, mission, challenges, and objectives.

## Key Considerations and Factors for Success

PotomacWave has a demonstrated track record of managing projects across the Federal Government, where we have refined our approach to emphasize agile delivery and collaboration within our staff and with client counterparts. The foundation of our management approach is our PMI methodology, built on the foundation of the PMBOK®. This methodology, accepted throughout the public and private sectors, defines how we manage each aspect of delivery, from initial scope definition through operationalization.

## Our Valued Customers

## Client Sample Engagements

### FEMA, Federal Insurance and Mitigation Administration (FIMA), Federal Insurance Directorate (FID)

PotomacWave assists FID in identifying and implementing project and program management best practices to enhance mission accomplishment. After analyzing specific business systems and processes, PotomacWave develops tools, templates, and methodologies for adoption. We also create training materials and conduct training sessions to enhance understanding and assure that these practices are repeatable and predictable.

### FEMA, FIMA, Bipartisan Infrastructure Law Program Office (BIL PO)

PotomacWave provides program management, strategic outreach and communications, performance monitoring and evaluation, and data analytics and reporting support to the FEMA BIL PO. We apply change management techniques to inform decision making, performance planning, and continuous improvement, with the goal of aiding the design of the BIL PO support structure to enable strategic implementation of BIL funding.

### U.S. Department of State, Administrative and Communications Support Services (ACSS)

PotomacWave provides comprehensive administrative and communications services to the Department of State's Bureau of Consular Affairs/Office of Consular Systems and Technology (CA/CST), including executive assistant and front office support, policy tracking and review, strategic communications planning, data visualization, content creation, and print and media deliverables. We support the organization's people-focused approach, adapting to evolving needs, assisting with the flow of information, and monitoring task flow and actions assigned to CST.
