

DHA Omnibus IV

Supporting the Future of Military Medical Research and Development (R&D)

Leveraging our position as a prime contract holder for DHA Omnibus IV Market Segment 2: R&D Support Services, PotomacWave challenges the status quo by delivering BOLD, innovative solutions that help our customers solve their most complex challenges and exceed their Military Medical R&D mission goals.

Why Choose PotomacWave?

- 15+ years of experience working as a prime contractor across the Federal Government
- 7+ years as a R&D contract partner with the U.S. Army, U.S. Navy, DHA, Department of Homeland Security, and others
- Small business/woman-owned small business (SB/WOSB) under NAICS code 541715 (less than 1,000 employees)
- Omnibus-related capabilities include, but are not limited to:
 - Project Management
 - Program Management
 - Data Management
 - Data Analytics
 - Administrative Support
 - Logistical Support
 - Scientific, Technical, IT, and R&D Support
 - Medical Services for Clinical and Research Protocols
 - Administrative Support
 - Medical Simulation Trainings
