Business and Technology

We deliver the perfect combination of structure and automation to execute your enterprise strategy, increasing information sharing and business success.

The PotomacWave Difference

PotomacWave provides a broad systemic and strategic perspective that helps you achieve your mission. Let PotomacWave personnel support you by managing the direction of resource development to meet the emerging priorities and changes from your agency. Our qualified and cleared personnel have mastered a systematic approach to capturing, sharing, and leveraging the information you need to drive efficiency and achieve your mission.

Key Considerations and Factors for Success

Our personnel are experts in the softwares and systems you need, including database administration and development, business intelligence, SQL Server, InfoPath, Oracle, FPDS-NG V&V, and CPARS business processes such as OSR, PHA, and CPARS reporting requirements. PotomacWave has expertise interfacing with contract writing and procurement systems, XML data, and C# data extracts. We use data-driven workflows to produce dashboard metrics. Our staff has created a wave by empowering technological evolution within federal agencies and increasing productivity across more than 60 contracts.

Our Valued Customers

Client Sample Engagements

U.S. Department of State, Information Technology Governance Support Services (ITGSS)

PotomacWave assists the Department of State's Bureau of Consular Affairs/Office of Consular Systems and Technology (CA/CST) with advancing the Consular Affairs mission of enabling CA/CST to simplify and streamline governance, budget, acquisition, and controls processes. Our goal is to verify overall programmatic compliance and efficiency. Achieving this goal will ensure all operation and modernization IT Investments at CA/CST are compliant with Federal mandates and provide CA/CST with a more efficient and agile IT governance organization.

U.S. Department of State, Contract Performance Support and Analytics (CPS-A)

PotomacWave provides contract administration support and independent verification and validation services to assist the Department of State's Bureau of Diplomatic Security (DS) Countermeasure Directorate (DS/C) in administering and overseeing its Global Security Engineering and Supply Chain (GSE&SC) contract. Our team conducts research, identifies potential issues, supports the streamlining of operations, and independently develops solutions to address Government challenges.

U.S. Coast Guard, Financial Management and Procurement Services (FMPS) Modernization Support Services

PotomacWave supports the U.S. Coast Guard's FMPS modernization with the transition and sustainment of future business processes in financial management and procurement services modernization. Specifically, PotomacWave provides analysis, training, sustainment, and customer support for FMPS's financial management, contingency response, and Coast Guard Common Core needs.
